

Loci Collection

The Loci Collection offers a powerful visual impact alongside ergonomic comfort. Created with a distinctly professional interior style, it is ideal for all sectors due to its linear design composed of clean square forms.

Integral to the blueprint of Loci is the ability to introduce distinctive colour to create exceptional elements of Landscape Furniture. Available in all RAL shades, (including Effect colours and the metallic range), there are endless combinations to define Loci exactly as you wish.

The Loci Collection is also available with M-Live Intelligent Technology.

KEY BENEFITS:

- Contemporary, customisable design to define Loci's identity in the public realm
- Each profile can be colour-customised using the suggested Loci colour palette, or if this doesn't suit any RAL colour.
- Precision fabricated steel, combining significant structural strength with an elegant profile
- Seating elements can be configured with armrest for Equalities Act compliance

LOCI COLLECTION

MATERIAL

The seating elements in the Loci collection are formed in precision fabricated steel with Emeri timber slats.

FINISHING

A choice of durable polyester powder coating options give a long lasting finish to the metallic components. The timber used in the collection is untreated due to its very durable composition.

MAINTENANCE

Both the powder coated surfaces and timber elements can be cleaned easily using mild detergents and warm water.

Please refer to the operations and maintenance manual on the Marshalls website for more information.

INSTALLATION

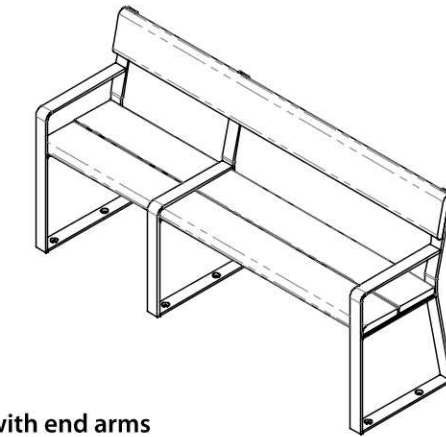

All seating products are surface fixed using resin bonded ground anchors and M12 security fixings, enabling quick and secure installation with ease of removal for maintenance if required.
